

2021 SOIL CRC PARTICIPANTS CONFERENCE

It's time for the 2021 [Soil CRC Participants Conference](#).

This year our conference will be held in **Adelaide** from **23-25 March 2021**.

Last year, thanks to COVID-19, our conference was cancelled, but this year, with strict COVID-safe measures in place, we hope to hold a successful face-to-face conference.

The program includes two full days of conference sessions (24-25 March) preceded by one day of optional project team meetings and PhD student workshops (23 March).

The entire conference is open to all staff and members of our [40 Participant organisations](#). In addition, this year we are also opening the conference to the general public for one day - **Wednesday 24 March**.

The conference provides an opportunity for members of the Soil CRC and the general public to find out more about our current and future projects. Of course there will be lots of time to network and collaborate with researchers, farmers, industry and students who are involved in the Soil CRC.

The [Conference](#) is **free** for all to attend.
